

**EG-Konformitätserklärung**

**EC declaration of conformity**

**Déclaration CE de conformité**

**Producer: Geratherm Medical AG**

**Product: Medical liquid-in-Glass Thermometers „Geratherm classic“**

mercury free, CE 0197, "VedoEcoplus", in magnifying plastic box and single carton box "VedoEcoplus" blue, with user manual "VedoEco", 24 pieces in display "VedoEcoplus" blue, 144 pieces in white printed carton "VedoEcoplus", version 2011

Medical liquid-in-glass thermometers are non-active medical products used for measuring (class I m) and correspond to the product described in the technical documentation. They meet the valid requirements contained in Directive 93/42/EEC on medical products, the Trade in Medical Products Act of 7<sup>th</sup> August 2002, and European standard EN 12470-1 dated 2000.

The EU-declaration of conformity proceedings are based on an approved Quality Management System according appendix V of Standard Council Directive 93/42 EEC, which is subject to the supervision of EU-appointed notified body no. 0118 (the Thuringian State Office of Measurement and Calibration, Unterpörlitzer Str. 2, D-98693 Ilmenau).
